MISSION STATEMENT

"Riders USA's primary mission is to create awareness of local, state, and national policy that directly or indirectly impacts the Sovereignty of the United States. We will accomplish this through participation in, and leadership of focused rallies, educational events and other activities. RidersUSA will be known as an organization of law-abiding American citizens that believe our country should be governed from within and by the United States Constitution."

Arizona's 7th Annual
CELEBRATE & PROTECT

THE 2ND AMENDMENT
FEBRUARY 15, 2020

Capitol Lawn in Phoenix, Arizona - 1700 W. Washington St. - 10am-2pm

www.2ndAmendmentRallyAZ.com

Presented by: RidersUSA

We would like to thank every RidersUSA member who stepped up to the plate on Wednesday night Jan. 29, 2020 at ASU in insuring that free speech on Arizona University Campuses is not obsolete. About a dozen fellow RidersUSA members and

some supporters were able to form what proved to be an impenetrable wall to keep about 100 anarchists from storming the room where Sheriff Joe was speaking. A few scuffles broke out but no serious injuries were reported.

However, we also wanted to share with you a text message we received soon after last night's event ended. It was from Julie Houtman, President of College Republicans United (CRU), the student group who sponsored the event. It read: "We thank you guys so much. This event was a huge success and it would not have been possible without you. I will certainly let you know if we get any flak from ASU (about the skirmishes that broke out)".

This is evidence that when a smaller group of people working together as a single cohesive unit can indeed control the actions of over 100 crazies. Good job Riders!

“Assault on 2nd Amendment Launched in AZ State Legislature”

The battle is officially on! The first shots of 2020 have been fired in the unconstitutional legislative drive to confiscate our firearms! We’re not talking about the Socialist enclaves of New York or California where gun confiscation schemes are expected. We’re talking about historically gun friendly Arizona! There apparently is an obsession by some AZ lawmakers to punish the law abiding for the sins of the criminal element. It’s particularly disheartening to know that the drive to infringe upon our gun rights is being promoted not by misinformed and/or ideologically driven Democrats, but by Republicans!

No, I’m not talking about all Republican Legislators. We have some really good kick ass people in our State Legislature who through thick and thin maintain a grip on Constitutional principles when representing their constituencies. The aberrations we’re talking about are the Brophy McGee’s and the Heather Carter’s, both sitting Republican AZ State Senators who never fail to insult and disrespect the folks who foolishly keep them employed as they go about the business of legislatively dismantling our Constitution and sabotaging our 2nd Amendment.

What I’m talking about are two bills recently introduced by Brophy McGee and supported by Carter and their cronies on the Democrat side of the aisle. These sister legislative works are what is popularly known as “Red Flag” pieces of legislation. The first bill, SB 1165 is 19 pages long and is fraught with so much legalese and gobbledygook that my brain started to hurt after about 5 minutes of attempting to read through the minutia. Whoever drew up this piece of legislative genius should be sent to their room, confined there and be fed by sliding their meal through a slot at the bottom of the doorway. Bottom line; this bill is bad for those who cherish our 2nd Amendment and bad for Arizona!

The second Bill, SB 1164 is only 2 pages long. However, “due process” guarantees as defined in our Constitution are non-existent. This bill has “unintended consequences” written all over it. Law abiding gun owners will most certainly be affected by the unlawful seizure of their firearms and be subject to time consuming scrutiny and expense if this bill ever passes legislative muster and then signed into law by Gov. “Red Flag” Doug Ducey.

Here is one example of the chronic weaknesses inherent with this Bill:

Any individual with an axe to grind can file a false complaint against someone for any perceived grievance. The “fake victim” for instance can file a complaint with any peace officer stating that he/she was threatened with violence or with a firearm by the accused. The officer will then report the complaint to a commissioner or judge. That judge will then issue a “Severe Threat Order of Protection” causing the confiscation of all firearms possessed by the accused. The accused will then be required to be evaluated by a certified Behavioral Health Specialist to determine if he/she is a danger to self or others. Only when the accused has been “cleared” by the “specialist” will his/her firearms be returned. If the BHS is an anti-gun nut....watch out!

In adding insult to injury, the incident is also registered with the “National Crime Information Center” database, regardless of the complaint having no merit! Historically, this trashing of the “due process” system as practiced by most Democracies is more in alignment with Communist and Socialist ideologies! These measures must be defeated at all costs!

Please join us as “Red Flag” issues and more will be highlighted at our 7th Annual “Celebrate and Protect our 2nd Amendment” Rally on February 15, 2020 at the AZ State Capitol. For more information please go to:

“Impeach this.....”

Well the impeachment “trial” has been rambling on, the Democrats have been droning on with the media beating the drum of fake news, outrage and left wing propaganda.....

Meanwhile my 401K earnings report came in the mail the other day showing that my investments are up 20%. My health insurance has gone down in out of pocket costs and my employer gave me a huge raise and a surprise bonus that was 10% of my annual salary.

Trump has signed the USMCA, he’s made a deal with the Chinese, he’s started the wall being built, and he’s made a peace deal with the Middle East. Our allies have a new earned respect for our country and its leadership and NATO is now being supported and financed on a more level scale than ever before.

Federal regulations are being cut which in turn has stimulated job growth, new business startups, and lower prescription costs. The United States energy industry has been unleashed and we’re now the leading producer and exporter of oil in the world. Illegal immigration crossings have been cut by 75%, and legal immigration has had changes made clarifying the requirements to immigrate into our nation legally.

And yet.....with all of this, the media talking heads are beating the drum of impeaching a POTUS that they hate. I’m 59 years old and I have never seen anything like this ever. It’s gotten to the point with me that I truly believe that the biggest mental health issue in the United States is “progressivism”. The left has literally lost their minds.

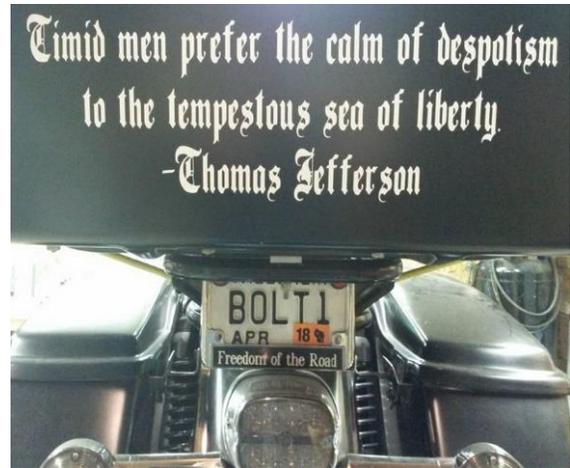

They have gotten to the point where they hate a man more than they love the country. It’s truly a sad affair that our country has become that divided BUT I am convinced that it’s more of a mental health issue than anything else.

I truly can’t come up with any other reason for their hatred and vitriol. Our country is doing better than it has in 35 years and all they want is to impeach the man responsible for the leadership that is getting things done and is responsible for the great economy that we’re experiencing.

I am aware that if you’re reading this the odds are that I am not telling you anything that you don’t already know, but I will point out that now is the time to speak loudly about your support for our POTUS and to get the signs in your front yard and speak your support to everyone you can when the subject presents itself. There are more of us than there are of them.

It’s time to be vocal, speak truth and speak it loudly without fear of retribution because the truth is on our side. Until next time...that’s how I see it.
