NATIONAL REMEMBRANCE DAY

FOR THE VICTIMS KILLED BY ILLEGAL ALIENS

NOVEMBER 03, 2019

PHOENIX LOCATION - 17th Ave & Adams, Phoenix, AZ

WE THE PEOPLE demand dignity and respect for America's most forgotten victims. NO MORE KILLING and separation of families through deadly selective immigration enforcement practices. These crimes against Americans were 100% preventable, and permanently separated love ones through no fault of their own. One life stolen is one life too many. The candlelight vigil will START AT 5:00 pm, last for about one hour.

The public is invited to this event.

We welcome new members!

September's 9-11 Event

RidersUSA participated in the Power Ranch Never Forget 9-11 event at Higley High School last month. Attendees walked through a line of flag flying RidersUSA motorcycles and members as they entered the facility. We also hung several American Flags inside the auditorium. RidersUSA members, Brad Zinn (Master of Ceremonies) and Vince Ansel who led participants in the Pledge of Allegiance, were a part of this event. Kudos to Jeff Lichter and all who worked hard to make this event a success.

Check Out our more pictures of the event on page 4.

“Wolves in Sheep’s Clothing”

Have you ever been hit squarely in the face with a 2 X 4 by politicians claiming to be “on your side”? I’m speaking in figurative terms of course about behaviors of local AZ State officials claiming to be “Conservative”. One of the basic tenets of the Republican platform is adherence to our Constitution as intended by our founding fathers. Democrats however view our Constitution as a “fluid” document that should be altered according to the whims of their ever-changing ideology. Unfortunately, there exists a class of Republican politicians who oftentimes mirror Democrats in the perpetual exercise of trying to “tweak the system”.

RINO’s (Republicans In Name Only) live among us, attend our meetings, affect legislation and attempt to convince that they’re “on your side” while simultaneously shoving a dagger deep into the backs of voters who expect honest representation. One recent example of RINO’s helping Democrat/Socialists in making a mockery of State and Federal Immigration Law was the recent edict by ABOR (AZ Board of Regents) in granting a “special discounted” tuition rate to Illegal Alien students wishing to attend AZ universities and colleges! The tuition would be less than that paid by out of state students who are US citizens! I’m not joking! The following is an abbreviated version of the steps leading up to this stunt:

In the previous legislative session AZ State Senator Heather Carter (LD-15) colluded with another Republican, AZ State Rep Michelle Udall who “represents” LD-25. They went about the business of crafting two Bills (SB 1217 and HB 2186) that would have opened the door legislatively to “welcoming” Illegal Aliens residing in AZ for the special discounted tuition. Thankfully, Senate and House Republican leaders saw through the ruse and shelved both measures. These bills were in obvious violations of both AZ and Federal statutes prohibiting special “accommodations” to those who reside in our state illegally.

However, the legislative rejection of these measures did not dissuade Ms. Carter. She was undeterred in getting her agenda approved, regardless of party standards regarding Illegal Immigration. All was quiet for the following few weeks after the legislative session had ended. On August 22, 2019 a political bomb was detonated (<https://ktar.com/story/2700528/arizona-extends-special-tuition-rate-for-students-in-us-illegally/>). ABOR (AZ Board of Regents) had just announced a policy to accommodate Illegal Aliens by offering them a “special category” of discounted tuition that would be “effective immediately”. Coincidentally this decision mirrored the provisions of the two failed Carter/Udall bills providing similar benefits to our Illegal friends. I can imagine the back-door dealings that had been going on during this “quiet period” by our esteemed legislator (s) and corrupt ARBOR officials. This led RidersUSA to become active in this controversy. We began an email and letter writing campaign to convince the AZ Attorney General to take legal action against ARBOR for violating State and Federal Statutes. The return email from the Attorney General was eye opening. Apparently, his office could not proceed with any legal action against ARBOR because of a 1960 AZ Supreme Court decision prohibiting the AG from suing this particular agency. What???! The AG is now in the process of appealing the 1960 decision in hopes that the present Supreme Court would reverse the previous ruling and allow the AG to do his job.

In the “back and forth” between emails and phone calls I come to find out that Republican Governor Doug Ducey not only had appointed all 8 members of the ARBOR board but also had agreed with their decision to provide the discounted tuitions for Illegal Aliens as well! With Republicans like this doing the work for Democrats..... why do we need Democrats???!?

“Impeachment”

Bring it on.....please.....So, Nancy Pelosi has surrendered to the Communists in the Democratic Party and has agreed to bring forth impeachment against President Trump...I say AWESOME!!! Bring it on! Let's get it all out in the open. The beauty of this is that The Senate will be able to make the rules for the hearing.....Yep.... how awesome will it be to see them dig into the Russia hoax and call all the swamp monsters out in front of a public hearing?? Imagine the squeals of delight from across the country when Hillary and Obama are questioned about their part in the hoax and the obvious coup attempt to overthrow Trump? Imagine Sleepy Joe Biden trying to cover up his lies, especially since he can't remember things from a week ago!!

I'm telling you; it will make for some of the best television ever!!! How about if the Republicans demand the release of transcripts between Iran and Obama concerning the deal that he made with them.... you know the one where he gave them 1.8 BILLION dollars in cash?? By the way, 1.8 billion dollars in cash would weigh almost 40,000 pounds if it were in 100-dollar bills. It would take 16 weeks to count the \$1 billion in \$100 bills if you can count one bill per second. But let's impeach Trump.....

I am patiently waiting and watching for the reports to be released and for the indictments to start coming....and they won't be on Trump. The Democrats have seriously overstepped the boundaries of ANY credibility they had left with the impeachment card being thrown.

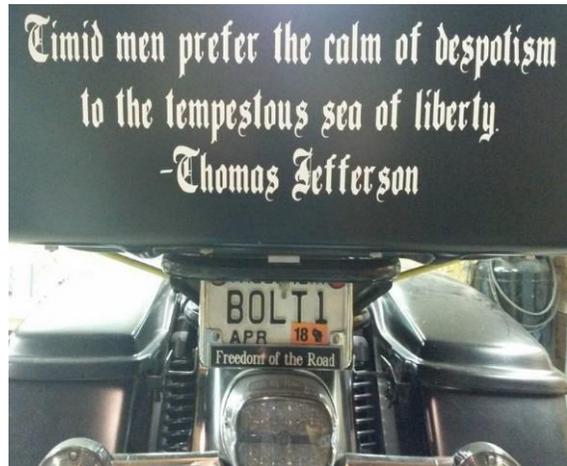

I am surrounded by Democrats between family and neighbors here in Wisconsin and I have yet to talk with one that thinks the Dems are on the right track. The people I talk with are convinced that they have lost their minds and that rational thoughts and consideration within the party have been overridden by TDS (Trump Derangement Syndrome). This is important because it will drive many to either stay home in 2020 or to vote for Trump in 2020. The left is imploding.... they are turning on each other, deals are being made, fingers are being pointed.....it going to be glorious to watch!!

I am absolutely optimistic that not only will Donald Trump win reelection by the largest majority landslide in political history BUT I also believe that I will see Hillary Clinton in handcuffs doing a perp walk before the American people. Imagine the sheer beauty of her in handcuffs!!

With that being said I am not so naïve to think that these things will be easy and that we as Conservatives and Patriots can rest on our laurels. It is important that we stay vigilant, speak truth and not back down from anyone or anything. We must engage and stay engaged. We must hold the media accountable and most importantly we MUST hold those in elected positions accountable! How many reading this have called their representatives in DC and demanded that they stand with the President this past week? It's time!!

Within 24 hours of the impeachment being announced the GOP raised 5 million dollars.... within 72 hours that number had grown to 15 million in “small dollar donations” with 50,000 new donators. That folks is a movement!! It's time to take a stand...probably the most important stand in my lifetime.

I don't know about you but at my house the line has been drawn and I know what side I am standing on..... God Bless America, God Bless our troops, LEO's and first responders and God Bless our President as he goes forward in fighting off the evil that is walking the halls of our government.

Immigration - Second Amendment - United States Sovereignty – Education

Immigration – New York City's Commission on Human Rights announced on Thursday that residents could face up to \$250,000 in fines if they use terms such as "illegal alien ... with intent to demean, humiliate or harass a person." "Hate has no place here," a tweet from the City of New York read. The city's announcement ticked off a list of offensive ways to address immigrants -- including threatening to call Immigration and Customs Enforcement (ICE), or harassing someone for their "limited English proficiency." "Threatening to call ICE when motivated by discrimination, derogatory use of the term 'illegal alien,' and discrimination based on limited English proficiency are unlawful discriminatory treatment under the NYC Human Rights Law," the announcement read. *Sam Dorman | Fox News*

Second Amendment - We must remain united in our goal, and not respond with angry disgust to the winds of politics. We must not become self-destructive or disunified. We need to hold together to meet the enemies of freedom, as they are coming. United, we succeed. We have strength on our side. We have the achievable goal of peace through strength. We have the dream of the ancient Greek Athenians who understood the benefits of freedom. Even now, our country is the remaining bastion of civilian power. We are the only symbol of light that our fellow global citizens can cling to on their journey to freedom. *Alan J Chwick & Joanne D Eisen, Ammoland*
